

Ref. No: DBSIL/Distt./JWP/34 /2025

Date: - 27.10.2025

To,
The Director Ministry of Environment Forest
Govt. of India
Regional Office (Central Region)
Kendriya Bhawan, 11 th floor
Sector H, Aliganj, Lucknow.

Sub: Compliance of letter No.- J-11011/316/2020- IA II(I) dated 04 Feb 2021

Dear Sir,

We are enclosing herewith compliance report for the period from April 2025 to September 2025 on the above-mentioned subject of environmental clearance.

We hope you will kindly find the above in order.

Thanking you.

Yours faithfully

For M/s Dalmia Chini Mills,
Distillery Unit - Jawaharpur

Authorized Signatory
Encl: As above

Name of the Project : Distillery Unit
: M/s Dalmia Chini Mills,
: Village Jawaharpur, Tehsil Misrikh,
: District - Sitapur (U.P)

Clearance letter No. J-11011/316/2020- IA II(I) dated 04 Feb 2021
Period of compliance Report: 01.04.2025 to 30.09.2025

Specific Conditions :		
S.NO.	Conditions	Compliance Status
I.	The company shall comply with all the environmental protection measures and safeguards proposed in the documents submitted to the Ministry. All the recommendations made in the EIA/EMP in respect of environmental management, and risk mitigation measures relating to the project shall be implemented.	All the environmental protection measures and safeguards of EIA/EMP report and risk mitigation are being followed accordingly.
II.	The project proponent will treat and reuse the treated water within the factory and no waste or treated water shall be discharged outside the premises.	Spent wash generated from the plant and concentrated in the Multi Effect Evaporator and then use in the Incineration Boiler as fuel and condensate water is being treated through CPU followed by Anaerobic, Aerobic, UV, UF & RO system. Treated water is being used in molasses/syrup dilution in the Fermentation & Cooling Tower make up. We are maintained Zero Liquid Discharge.
III.	As proposed, total fresh water requirement shall be 1300 cum/day, proposed to be met from ground water source. Prior permission shall be obtained from the concerned regulatory authority/CGWA in this regard, and renewed from time to time	Permission from Ground Water Department Government of Uttar Pradesh for withdrawal of ground water has already been obtained vide their NOC no. NOC036470 dated 10.04.2023 & NOC no. NOC037254 dated 13.04.2023, valid up to 30.03.2028 for withdrawal of Ground Water-1300 cum/Day.
IV.	The spent wash/other concentrates shall be incinerated.	Spent wash/other concentrates is being incinerated in the 50 TPH Incineration Boiler.
V.	CO2 generated from the process shall be bottled/made solid ice and utilized/sold to authorized vendors.	In reference to the CO2 plant, a meeting is going on with your good self Officers. We are waiting decision/advise from your side, as ISMA has gone to above respective department with a request letter to change

		the conditions in ECs to installed CO2 plant to capture/trap/store CO2 generated during fermentation process.
VI.	Occupational health centre for surveillance of the worker's health shall be set up. The health data shall be used in deploying the duties of the workers. All workers & employees shall be provided with required safety kits/mask for personal protection.	Occupational health surveillance conducted for 65 members of unit up to September 2025 clearly indicates that none of the individual is suffering from any infectious or contagious disease. Annexure -1.
VII.	Training shall be imparted to all employees on safety and health aspects of chemicals handling. Safety and visual reality training shall be provided to employees.	Training is being made for all employees on safety and health aspects of chemicals handling. Safety and visual reality training is being also provided for all employees. Annexure-2. Safety Training 
VIII.	The unit shall arrange protection of possible fire hazards during manufacturing process in material handling. Firefighting system shall be as per the norms	The unit has also been adopted arrangement for protection of possible fire hazards during manufacturing processes in material handling. Firefighting system adopted as per norms.
IX.	Process organic residue and spent carbon, if any, shall be sent to Cement other suitable industries for its incineration. ETP sludge, process inorganic & evaporation salt shall be disposed of to the TSDF.	*Process organic residue is being used in the Incineration Boiler installed in our factory campus and spent carbon that is called Potash rich ash and its used to our farmers field free of cost. * ETP sludge is being used in our Horticulture area and no inorganic matter generated from our plant.
X.	The company shall undertake waste minimization measures as below (a) Metering and control of quantities of active ingredients to minimize waste; (b) Reuse of by-products from the process as raw materials or as raw material substitutes in other processes. (c) Use of automated filling to minimize spillage. (d) Use of Close Feed system into batch reactors. (e) Venting equipment through vapour	The company has undertaken waste minimization measures as mentioned below, (a) Spent wash recycle is being done in Fermenters to minimize slope quantity and RO reject in

	recovery system. (f) Use of high pressure hoses for equipment clearing to reduce wastewater generation.	Evaporation to minimize waste. (b) Recycle of CO2 Scrubber water and Spent lees in fermenter as molasses/ Syrup dilution water. (c) We are using Automated/ Enclose dosing system for Anti foam, Acid, Nutrient, Spent wash etc to minimize spillage. (d) We are using Automated/ Enclose dosing system for water, molasses, Anti foam, Acid, Nutrient, Spent wash etc in batch reactors. (e) Recovery of alcohol vapour through CO2 Scrubber and Vent condenser alcohol vapour through Vacuum scrubber. (f) We are using Hydro Jet pump for Calendria tube and Plant condenser tube cleaning of having pressure of 1500Kg/Cm2
XI.	The green belt of at least 5-10 m width shall be developed in nearly 33% of the total project area, mainly along the plant periphery. Selection of plant species shall be as per the CPCB guidelines in consultation with the State Forest Department. Records of tree canopy shall be monitored through remote sensing map	Details of green belt developed in 33% of total plant area and about 17302 plants survived as per our action plan. We have developed the Plantation on Miyawaki process in our factory campus. Annexure-3 
XII.	As per the Ministry's OM dated 30.09.2020 superseding the OM dated 01.05.2018 regarding	The company's focus area for CSR for the local community has been in the field of

[Handwritten signature]

	the Corporate Environmental Responsibility, and as per the action plan proposed by the project proponent to address the socio economic and environmental issues in the study area, the project proponent, as committed, shall provide education funds in technical training centers/ support in nearby village's schools, support in health care facilities, drinking water supply and funds for miscellaneous activities like solar street lights, battery, solar panel etc., in the nearby villages. The action plan shall to be completed within time as proposed.	Climate Action (Water and Energy) Livelihood skill Development, Social Infrastructure Development, Healthcare, Education, Sanitation, Environment conservation. Expenditures done against above activities in the financial year 2025-26 are Rs.19,38,958/=. Details are enclosed as Annexure-4 .
XIII.	There shall be adequate space inside the plant premises earmarked for parking of vehicles for raw materials and finished products, and no parking to be allowed outside on public places.	We have made adequate space inside the plant premises earmarked for parking vehicles for raw material and finished products and no parking allowed outside on public places.
XIV>	Storage of raw materials shall be either stored in silos or in covered areas to prevent dust pollution and other fugitive emissions.	Storage of raw materials are being stored in covered area to prevent dust pollution and other fugitive emissions.
XV.	Continuous online (24x7) monitoring system for stack emissions shall be installed for measurement of flue gas discharge and the pollutants concentration, and the data to be transmitted to the CPCB and SPCB server. For online continuous monitoring of effluent, the unit shall install web camera with night vision capability and flow meters in the channel/drain carrying effluent within the premises.	Continuous online monitoring systems are in place and data is being transmitted to the CPCB and SPCB server. We have already installed web camera with night vision capability and flow meters also are in placed to carrying effluent within the premises.
XVI.	A separate Environmental Management Cell (having qualified person with Environmental Science/Environmental Engineering/specialization in the project area) equipped with full-fledged laboratory facilities shall be set up to carry out the Environmental Management and Monitoring functions.	Environment management cell having 10 members working accordingly and Laboratory have been set-up to control environmental parameters. Please refer Annexure-5.
General Conditions		
I.	No further expansion or modifications in the plant, other than mentioned in the EIA Notification, 2006 and its amendments, shall be carried out without prior approval of the Ministry of Environment, Forest and Climate Change/SEIAA, as applicable. In case of deviations or alterations in the project proposal from those submitted to this Ministry for clearance, a fresh reference shall be made to the Ministry/SEIAA, as applicable, to assess the adequacy of conditions imposed and to add	It is strictly adhered to.

	additional environmental protection measures required, if any	
II.	The energy source for lighting purpose shall be preferably LED based, or advanced having preference in energy conservation and environment betterment.	LED based lighting arrangement has already being used for energy conservation and environment betterment.
III.	The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acou silencers, enclosures etc. on all sources of noise generation. The ambient noise levels shall conform to the standards prescribed under the Environment (Protection) Act, 1986 Rules, 1989 viz. 75 dBA (day time) and 70 dBA (night time).	We have conducted Advanced Environmental Testing & Research Lab P. Ltd. New Delhi through Eco Tech Corporation Shahjahanpur for monitoring of Air Ambient Quality, Ambient Noise Levels.
IV.	The company shall undertake all relevant measures for improving the socio economic conditions of the surrounding area. CER activities shall be undertaken by involving local villages and administration and shall be implemented. The company shall undertake eco-developmental measures including community welfare measures in the project area for the overall improvement of the environment.	The company's focus area for CSR for the local community has been in the field of Climate Action (Water and Energy) Livelihood skill Development, Social Infrastructure Development, Healthcare, Education, Sanitation, Environment conservation. Expenditures done against above activities in the financial year 2025-26 are Rs.19,38,958/=. Details are enclosed as Annexture-4 .
V.	The company shall earmark sufficient funds towards capital cost and recurring cost per annum to implement the conditions stipulated by the Ministry of Environment, Forest and Climate Change as well as the State Government along with the implementation schedule for all the conditions stipulated herein. The funds so earmarked for environment management/ pollution control measures shall not be diverted for any other purpose.	We have taken sufficient funds towards capital cost and recurring cost: - a) Provision of Funds as Capital cost - 49.91 Crore b) Invested as capital cost - 49.91 Crore c) Recurring expenditure done to implement the condition stipulated by the Ministry of Environment, Forest and Climate Change as well as the State Government - 3.25 Crore/Year
VI.	A copy of the clearance letter shall be sent by the project proponent to concerned Panchayat, Zilla Parishad/Municipal Corporation, Urban local Body and the local NGO, if any, from whom suggestions/ representations, if any, were received while processing the proposal.	Complied With
VII.	The project proponent shall also submit six monthly reports on the status of compliance of the stipulated Environmental Clearance conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF&CC, the respective Zonal Office of CPCB and SPCB. A	Complied With

	copy of Environmental Clearance and six monthly compliance status report shall be posted on the website of the company.	
VIII.	The environmental statement for each financial year ending 31st March in Form V as is mandated shall be submitted to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of environmental clearance conditions and shall also be sent to the respective Regional Offices of MoEF&CC by e-mail.	Complied With Annexure-6
IX.	The project proponent shall inform the public that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with the SPCB/Committee and may also be seen at Website of the Ministry and at https://parivesh.nic.in/ . This shall be advertised within seven days from the date of issue of the clearance letter, at least in two local newspapers that are widely circulated in the region of which one shall be in the vernacular language of the locality concerned and a copy of the same shall be forwarded to the concerned Regional Office of the Ministry.	Complied With
X.	The project authorities shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of the project,	Complied With.
XI.	This Environmental clearance is granted subject to final outcome of Hon'ble Supreme Court of India, Hon'ble High Court, Hon'ble NGT and any other Court of Law, if any, as may be applicable to this project.	It is strictly adhered to.
XII.	The Ministry reserves the right to stipulate additional conditions, if found necessary at subsequent stages and the project proponent shall implement all the said conditions in a time bound manner. The Ministry may revoke or suspend the environmental clearance, if implementation of any of the above conditions is not found satisfactory	It is strictly adhered to.
XIII.	Concealing factual data or submission of false/fabricated data and failure to comply with	It is strictly adhered to.

	any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of Environment (Protection) Act, 1986.	
XIV.	Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.	It is strictly adhered to.
XV.	The above conditions will be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, the Hazardous Waste (Management, Handling and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 read with subsequent amendments therein.	It is strictly adhered to.
XVI.	This issues with the approval of the competent authority	It is strictly adhered to.
